Genesis Resiliency is partnered with Professional Evaluation and Certification Board (PECB) to deliver ISO Certifications for professionals looking at getting ISO certification to improve their careers.

Nowadays, businesses of different sizes face multiple challenges and decision-makers become the point of convergence. Facing up to various challenges requires leadership potential, but this is not enough. There is a need for practical tools everyone can rely on. In that regard, ISO standards are a well-known proven approach to help businesses to develop and deploy solutions based on good practices.

Upon registering for a course whether it be self-study or with a certified trainer for groups, you will be granted access to an online portal to manage your learner profile where you manage your Continuous Professional Credits (CPC) for continuous learning, access course materials, take examinations, and so much more.
